- Clay soil
- 1 Pump-over per day, 20 days of maceration.
- Aging in concrete vats for 9 months and fine filtration before bottling.

#### TASTING NOTES

*This Côtes du Rhône stands out from the “classics” with its predominant grape variety, Carignan. A variety formerly ousted as it seemed rustic and austere in its youth, while it takes on a noble and elegant character at the age of maturity.*

A generous nose and a beautiful aromatic complexity. Notes of musk, garrigue and black fruits dance in a farandole. Astonishing freshness and a remarkable balance characterize this wine.

On the palate, a lot of generosity; a crunchy and gourmet wine. It offers everything that a remarkable Côte du Rhône has to offer.

#### WINE & FOOD PAIRING

The ideal barbecue companion with juicy red meat and a selection of fine cold cuts, Miron-ton of beef.
