- 29 Hectares (74 acres).
- Alluvial clay-limestone terraces and rolled pebbles
- Partial destemming.
- 1 pumping over per day, 25 days of maceration.
- 12 months aging in concrete tank

#### TASTING NOTES

Purple color with ruby reflections.

A generous yet complex nose that exudes aromas of Provence herbs and garrigue and a bouquet of slightly jammy black fruits. Then the two flavor families alternate intermittently.

On the palate and on the attack, already melted and almost silky tannins, a wine that is both round and delicate, a nice freshness in the mid-palate with a frankly delicate and rather discreet finish. Very pleasant and generous in his youth, he will gain in character over the years.

#### WINE & FOOD PAIRING

The ideal companion for cold cuts and meats of character and finely sliced; Black pudding, Foie gras terrine, braised veal tendons.
