*Terraces of clayey marl
on a plinth of gypsum and limestone.*

1 pumping over per day

20 days of maceration

9 months of aging in stainless steel vats

Fine filtration before bottling.

Tasting Notes :

A color whose rather discreet intensity reveals a cherry red color with fine bluish reflections and flashes of ruby. A nose of beautiful aromatic complexity where both fruity and vegetal aromas mingle. First the cherry followed by hood wild fruits, redcurrant, raspberry, blueberry, coated with scents of elderberry and sage. The attack is rather supple, the tannins already delicate, the mid-palate is more crunchy with a nice acidity and flavors of fresh fruit, the finish reveals fine notes of sweet spices.

Wine & Food pairings :

A crisp and fruity wine, a friendly wine, digestible and easy to drink which will delight country tables with a beef carpaccio, a beef Tataki or steak tartare cut with a knife, a rare duck breast, a fresh and soft terrine.
